ALWAYS IN MY HEAD

I think of you, I haven't slept – I think I do but I don't forget
My body moves, goes where I will – But though I try my heart stays still
It never moves, just won't be led – And so my mouth waters to be fed

And you're always in my head
You're always in my head

This I guess is to tell you
You're chosen out from the rest

MAGIC

Call it magic – Call it true – I call it magic – When I'm with you
And I just got broken – Broken into two – Still I call it magic
When I'm next to you

And I don't and I don't and I don't and I don't – No, I don't it's true
I don't, no I don't, no I don't, no I don't – Want anybody else but you
I don't, no I don't, no I don't, no I don't – No, I don't it's true
I don't, no I don't, no I don't, no I don't – Want anybody else but you

Call it magic – Cut me into two – And with all your magic
I disappear from view – And I can't get over – Can't get over you
Still I call it magic – Such a precious jewel

And I don't and I don't and I don't and I don't – No, I don't it's true
I don't, no I don't, no I don't, no I don't – Want anybody else but you
I don't, no I don't, no I don't, no I don't – No, I don't it's true
I don't, no I don't, no I don't, no I don't – Want anybody else but you

Want to fall, fall so far – I want to fall, fall so hard
And I call it magic – And I call it true – I call it magic

And if you were to ask me – After all that we've been through
Still believe in magic? – Yes, I do – Of course I do

I N K

Got a tattoo said 'together thru life'
Carved in your name with my pocket knife
And you wonder when you wake up will it be alright
Feels like there's something broken inside

All I know – All I know – Is that I'm lost – Whenever you go
All I know – Is that I love you so – So much that it hurts

Got a tattoo and the pain's alright
Just want a way of keeping you inside

All I know – All I know – Is that I'm lost – In your fire below
All I know – Is that I love you so – So much that it hurts

I see the road begin to climb – I see your stars begin to shine
I see your colours and I'm dying of thirst – All I know
Is that I love you so – So much that it hurts

TRUE LOVE

For a second I was in control – I had it once I lost it though
And all along the fire below would rise
And I wish you could have let me know – What's really going on below
I've lost you now, you let me go – But one last time

Tell me you love me – If you don't then lie – Oh lie to me

Remember once upon a time – When I was yours and you were blind
A fire would sparkle in your eyes – And mine

So tell me you love me – If you don't then lie – Oh lie to me
Just tell me you love me – If you don't then lie – Oh lie to me
If you don't then lie – Oh lie to me

Call it true, call it true love – Call it true, call it true love

M I D N I G H T

In the darkness before the dawn – In the swirling of the storm
When I'm rolling with the punches and hope is gone
Leave a light a light on

Millions of miles from home – In the swirling swimming on
When I'm rolling with the thunder – But bleed from thorns
Leave a light a light on – Leave a light a light on

In the darkness before the dawn – In the darkness
Before the dawn – Leave a light a light on – Leave a light a light on

ANOTHER'S ARMS

Late night watching TV – Used to be you here beside me
Used to be your arms around me – Your body on my body

When the world means nothing to me – Another's arms another's arms
When the pain just rips right through me – Another's arms another's arms

Late night watching TV – Used to be you here beside me
Is there someone there to reach me? – Is there someone there to find me?

When the pain just rips right through me – Another's arms another's arms
And that's just torture to me – Another's arms another's arms
Pull yourself into me – Another's arms another's arms
When the world means nothing to me – Another's arms another's arms

Got to pull you close into me – Another's arms another's arms
Pull yourself right through me – Another's arms another's arms

Late night watching TV – Wish that you were here beside me
Wish that your arms were around me – Your body on my body

OCEANS

Wait for your call love – The call never came – Ready to fall up
Ready to claim – And I'm ready for it all love – Ready for the pain
Meet under sun and – Meet me again – In the rain – In the rain

Behind the walls love – I'm trying to change
And I'm ready for it all love – I'm ready for the change
Meet me in blue sky – Meet me again – In the rain, the rain, the rain

You've got to find yourself alone in this world
You've got to find yourself alone

A SKY FULL OF STARS

Cause you're a sky cause you're a sky full of stars
I'm gonna give you my heart
Cause you're a sky cause you're a sky full of stars
Cause you light up the path

And I don't care go on and tear me apart – And I don't care if you do
Cause in a sky cause in a sky full of stars – I think I saw you

Cause you're a sky cause you're a sky full of stars
I wanna die in your arms
Cause you get lighter the more it gets dark
I'm gonna give you my heart

And I don't care go on and tear me apart – And I don't care if you do
Cause in a sky cause in a sky full of stars
I think I see you – I think I see you

Cause in a sky cause in a sky full of stars
I think I see you – I think I see you

Cause you're a sky you're a sky full of stars
Such a heavenly view – You're such a heavenly view

Flock of birds – Hovering above – Just a flock of birds
That's how you think of love

And I always look up to the sky – Pray before the dawn
Cause they fly always – Sometimes they arrive
Sometimes they are gone – Fly on

Flock of birds – Hovering above
Into smoke I'm turned and rise, following them up
Still I always look up to the sky – Pray before the dawn
Cause they fly away – One minute they arrive
Next you know they're gone – Fly on

Fly on, ride through – Maybe one day I'll fly next to you
Fly on, ride through – Maybe one day I can fly with you – Fly on
