

A Head Full Of Dreams

oh I think I landed
in a world I hadn't seen
when I'm feeling ordinary
when I don't know what I mean
oh I think I landed where there are
miracles at work
for the thirst and for the hunger
come the Conference of Birds

Saying to me, it's not what it seems
Leave your broken windows open and in the
LIGHT just streaming and you get a
Head a head full of dreams
You can be the change you want to see
a head full of dreams you want to see
into life I just been spoken
with a head full, a head full of dreams

oh I think I landed where there
are miracles at work
when you got me open handed
when you got me lost for words
I sing oh-oh oh oh oh oh oh oh oh

a head full of dreams
a head full of dreams
into life I just been woken
with a head full
a head full of
DREAMS

Birds

been standing in the corner studying the lights
 of escaping will keep you up at night but someone had put a flare up
 got me in the rays so I guess I better stay "uhh, no come on!"
 it's a fools gold thunder, it's just blissing rain don't let the dreaming
 just start what if I won't see you again around here you say
 want to sleep all night so start falling in Love you never
 riot and come on Rage with me we don't need words
 we'll be BIRDS ~ flying free! Got to make our own key

only got this moment
 nothing but you
 got to see me
 go

come on and raise it come on Raise this noise for the million
 people who got not one voice come on it's not over! If you
 mean it say LOUD COME ON ALL FOR LOVE out from the
 fearless through this you said we'll go through the
 TOGETHER so WHEN you fly won't you take me too?
 In this world so cruel I think you're so cool

Hymn For The Weekend

[illegible]

Everglow

oh they say people come, they say people go
this particular diamond was extra special
and though you might be gone and the world may not know
still I see you celestial
Like a Lion you ran, a goddess you rolled, like an eagle
you circled, in perfect purple so hard come things move on
how come cars don't slow when it feels like the end of
my world? when I should but I can't let you go?

like Brothers in blood, sisters who ride
yeah we swore on that night we'd be friends til we died
but the changing of winds and the way waters flow
life as short as the falling of snow and now

But when I'm cold, cold
when I'm cold, cold there's a light that you give me
when I'm in shadow you give me, an
there's a feeling you give me, an
EVERGLAN

I'm gonna miss you I know
but when I'm cold, cold, in water rolled, salt
I know you're always with me, and the way you will show
cause you're with me
and you give me the feeling that I would not give for a just a moment to hold
What I would not give for a just a moment to hold
Yeah I live for this feeling this
So if you love someone you should let them know
oh the light that you left me
will EVERGLAN
(for Habib & Mehرداد)

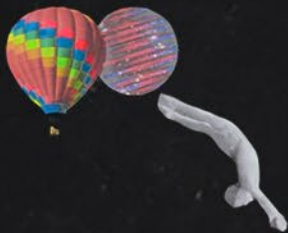

Adventure Of A Lifetime

Turn your magic on, Uni should say 'Everything you want's a
dream away and we are legends every day' that's what
he told me turn your magic on to me she'd say 'everything
you want's a dream away' - Under this pressure under this
we are diamonds, And now I feel my heart beating
feel my heart under, Cause you make me feel like I'm alive AGAIN
Cause you make me feel like I'm alive AGAIN
Gonna hold up half the sky and say 'only I own me'
I feel my heart beating I feel my heart beating
Oh I can feel my heart beating I feel my heart beating
ALIVE AGAIN - Turn your magic on, Under this pressure
Everything you want's a dream away, Under this pressure
Under this weight we are diamonds, Under this pressure
And if we're only got this life, Under this pressure
Then I if we're only got this life, Under this pressure
If we're only got this life, Under this pressure
Then I want to share it with
you, with you with you
Yeah, do it with you
Woohoo
Woohoo!

Fun

I know it's over before she says
 know someone else has taken
 your place
 'I know it's over' I can't say
 to the ~~SUN~~
 the ~~SUN~~ sinks in,
 lightning strikes and
 two force, two forces collide
 and fight til it's over
 fight til it's done
 But didn't we have fun
 Don't say it was all a waste
 Didn't we have fun?
 From the top of the World
 the top of the waves We said forever
 We could have been lost forever always
 been saved We would have
 Now we're shipping the World shipping it
 But nothing's too broken to find a way
 Before it's over, Before you run
 Didn't we have fun?
 Cause you and me

We were always meant
 to be
 Woo ooh ooh
 Didn't we have fun?
 But then
 Maybe we could
 again

We could have been lost
 Now we're shipping the World
 shipping it spin
 to move on don't give up
 Don't say we give in
 Don't say it's over
 Don't say we're done
 Didn't we have

I know it's over
 a patching of ways
 and it's done
 But didn't we have fun?
 Don't say it was all a waste
 Didn't we have fun?
 From the top of the World
 the top of the waves
 We said forever
 Always

I know it's over before she says
 know the falls that the water
 know it's over
 an ocean that was for a
 with
 the sun on snow rivers in rain
 crystal ball can force a
 change

Amazing Day

We sat on a roof, named every star
Shared every bruise and showed every scar
hope has its proof, your hand in mine
Life has a beautiful crazy design

And time seemed to say
forget the world and its weight
Here I just want to stay
Amazing day Amazing Day

we
Sat on a roof named every star
You showed me a place where you can be
What you are

The View, the whole Milky Way
In your eyes I drifted away
In your arms I just want to sway
Amazing Day, Amazing Day

and I asked
Can the birds in poetry chime?
Can there be breaks in the chaos sometimes?
Oh God must have heard when I prayed
Cause now I always want to feel this way
Amazing Day, Amazing Day today
